

12th International Workshop MLMI 2024 Held in Conjunction with MICCAI 2024

The 12th International Workshop on Machine Learning in Medical Imaging (MLMI) will be held in conjunction with the 20th International Conference on Medical Image Computing and Computer-Assisted Intervention (MICCAI). MLMI 2024 will provide a forum for researchers to present and discuss the latest advances in machine learning for medical image analysis.

MLMI 2024 will be held in Nice, France, from September 22-26, 2024.

The workshop will feature a keynote address by Professor Olivier Clatz, Director of the Institute for Image Science of the University of Oulu, Finland, and invited talks from leading researchers in the field. MLMI 2024 will also include a poster session, a doctoral consortium, and a machine learning competition.

Machine Learning in Medical Imaging: 12th International Workshop, MLMI 2024, Held in Conjunction with MICCAI 2024, Strasbourg, France, September 27, 2024, ... Notes in Computer Science Book 12966) by Tony Bradman

★★★★★ 5 out of 5
Language : English
File size : 106132 KB
Text-to-Speech : Enabled
Screen Reader : Supported
Enhanced typesetting: Enabled
Print length : 1266 pages
Paperback : 234 pages
Item Weight : 12.3 ounces

Dimensions : 6 x 0.59 x 9 inches

Topics of interest for MLMI 2024 include:

- Supervised and unsupervised learning for medical image analysis
- Deep learning for medical image analysis
- Machine learning for medical image segmentation
- Machine learning for medical image registration
- Machine learning for medical image classification
- Machine learning for medical image reconstruction
- Machine learning for medical image synthesis
- Machine learning for medical image quality assessment
- Machine learning for medical image-guided interventions
- Machine learning for medical image-based diagnosis
- Machine learning for medical image-based prognosis
- Machine learning for medical image-based treatment planning
- Machine learning for medical image-based outcome prediction
- Machine learning for medical image-based decision support

MLMI 2024 is an excellent opportunity for researchers to present and discuss their latest work in machine learning for medical image

analysis. The workshop will also provide a forum for researchers to network with each other and to learn about the latest advances in the field.

Important Dates

- **Submission deadline:** April 15, 2024
- **Notification of acceptance:** June 15, 2024
- **Camera-ready deadline:** August 1, 2024
- **Workshop dates:** September 22-26, 2024

Submission Instructions

Submissions to MLMI 2024 should be in the form of a full paper (8 pages) or a short paper (4 pages). Papers should be formatted according to the MICCAI 2024 style guidelines. Submissions should be made through the MICCAI 2024 submission system.

Contact

For more information, please contact the MLMI 2024 organizers at mlmi2024@gmail.com.
