- Rule-based modeling languages

- Reasoning algorithms for rule-based systems
- Applications of rule technologies in various domains

RuleML+RR 2024 will feature a keynote address by Professor Michael Wooldridge, a world-renowned expert in the field of artificial intelligence. Professor Wooldridge will speak about the future of rule technologies and their potential impact on a wide range of applications.

In addition to the keynote address, RuleML+RR 2024 will feature a variety of other events, including:

- Technical paper presentations
- Workshops and tutorials
- A poster session
- An industry exhibition

RuleML+RR 2024 is an excellent opportunity to learn about the latest advances in rule technologies and to network with leading researchers and practitioners in the field. We encourage you to submit your research papers, workshop proposals, and tutorial proposals. We also encourage you to attend the conference and to participate in the various events.

Important Dates

- Paper submission deadline: March 15th, 2024
- Workshop and tutorial proposals deadline: April 15th, 2024
- Notification of acceptance: May 15th, 2024

- Camera-ready papers deadline: June 15th, 2024
- Conference dates: June 29th - July 2nd, 2024
