Foreword by Steve Chen, Co-founder of YouTube

In "Asian Founders At Work," we get an intimate look into the minds and journeys of some of the most successful Asian entrepreneurs in the world. These founders come from diverse backgrounds and industries, but they share a common passion for innovation and a deep understanding of the unique challenges and opportunities facing Asian businesses. Their stories are inspiring, educational, and essential reading for anyone interested in the future of tech and innovation.

Table of Contents

- **Chapter 1: The Rise of Asian Tech Giants:** This chapter explores the factors that have contributed to the rise of Asian tech giants, such as Alibaba, Tencent, and SoftBank. The author provides insights into the unique business models and strategies that these companies have used to achieve success.
- **Chapter 2: The Challenges Facing Asian Founders:** This chapter discusses the challenges that Asian founders face, such as racism, sexism, and a lack of access to funding. The author also provides

advice on how to overcome these challenges and succeed as an Asian entrepreneur.

- **Chapter 3: The Future of Asian Tech:** This chapter explores the future of Asian tech and the opportunities and challenges that lie ahead. The author provides his insights on the trends that will shape the future of the tech industry in Asia.
