

Prepare for an Unforgettable Journey: The 6th International Workshop GKR 2024 Virtual Event

Get ready to embark on an exhilarating intellectual adventure at the upcoming 6th International Workshop GKR 2024 Virtual Event. Taking place in September 2024, this highly anticipated event will bring together a global community of experts from academia and industry to delve into the fascinating realm of Genetic Programming (GP), Genetic Algorithms (GAs), Symbolic Regression, and Evolutionary Computation.

Unveiling Advancements in Cutting-Edge Technologies

The 6th International Workshop GKR 2024 Virtual Event will serve as a melting pot of fresh ideas and groundbreaking research. Attendees will witness first-hand the latest advancements in these innovative fields, including:

Graph Structures for Knowledge Representation and Reasoning: 6th International Workshop, GKR 2024, Virtual Event, September 5, 2024, Revised Selected Papers ... Notes in Computer Science Book 12640

Language : English
File size : 21775 KB
Text-to-Speech : Enabled
Enhanced typesetting : Enabled
Screen Reader : Supported
Print length : 242 pages
Hardcover : 508 pages

Item Weight : 19.55 pounds
Dimensions : 6.14 x 1.13 x 9.21 inches

- Novel GP and GA techniques for solving real-world optimization and decision-making problems
- State-of-the-art symbolic regression algorithms for discovering complex relationships in data
- Cutting-edge evolutionary computation methods for tackling challenging engineering and scientific applications

Participants will have the opportunity to engage with leading researchers, exchange insights, and forge collaborations that will shape the future of these transformative technologies.

Inspiring Keynote Addresses and Thought-Provoking Panel Discussions

The 6th International Workshop GKR 2024 Virtual Event will feature a stellar lineup of keynote speakers, renowned for their exceptional contributions to the field. These eminent scholars will provide thought-provoking perspectives, igniting discussions and stimulating new research directions.

In addition to the keynote presentations, interactive panel discussions will delve into topical issues, fostering a lively exchange of ideas and perspectives. Attendees will have the chance to engage with experts, ask

questions, and gain valuable insights into the future of GP, GAs, symbolic regression, and evolutionary computation.

Virtual Event Platform: Seamless Collaboration and Networking

The 6th International Workshop GKR 2024 Virtual Event will be hosted on a state-of-the-art virtual event platform, designed to facilitate seamless collaboration and networking. Participants will enjoy the flexibility of attending live sessions, accessing on-demand content, and engaging with fellow attendees through interactive chat and discussion forums.

The virtual platform also provides a dedicated networking lounge, where attendees can connect with each other, exchange ideas, and foster long-lasting collaborations. Whether you're seeking potential research partners, industry mentors, or like-minded enthusiasts, the 6th International Workshop GKR 2024 Virtual Event offers a unique opportunity to expand your professional network.

Call for Papers

The 6th International Workshop GKR 2024 Virtual Event welcomes submissions of original research papers that advance the state-of-the-art in GP, GAs, symbolic regression, and evolutionary computation. Submitted papers will be peer-reviewed by an international panel of experts to ensure the highest quality of research presented at the event.

Authors are invited to submit their papers electronically by [insert deadline]. For more information on the submission guidelines, please visit the workshop's official website.

Early Registration Discounts

Early registration discounts are available for those who register before [insert date]. Don't miss out on this opportunity to secure your spot at this highly anticipated event and benefit from significant savings.

Register Now

Reserve your virtual seat today and join us for an unforgettable journey into the cutting-edge world of GP, GAs, symbolic regression, and evolutionary computation. The 6th International Workshop GKR 2024 Virtual Event promises to be an invaluable experience, fostering innovation, collaboration, and the advancement of these transformative technologies.
