

Unlock Dependable Computing Secrets with EDCC 2024 Workshops

In today's technology-driven world, dependable computing has become paramount for ensuring the reliability, safety, and security of critical systems. The European Dependable Computing Conference (EDCC) has emerged as a leading platform for advancing the frontiers of dependable computing research. In its upcoming 2024 edition, EDCC will host a series of workshops that delve deep into the latest advancements in this crucial field.

Unveiling the EDCC 2024 Workshops

The EDCC 2024 workshops will provide a unique opportunity for researchers, practitioners, and industry leaders to connect, share knowledge, and push the boundaries of dependable computing. These workshops will cover a wide range of topics, including:

Dependable Computing - EDCC 2024 Workshops: DREAMS, DSOGRI, SERENE 2024, Munich, Germany, September 13, 2024, Proceedings (Communications in Computer and Information Science Book 1462)

- Fault Tolerance and Dependability
- Software Engineering for Dependability
- Formal Methods for Dependable Computing
- Dependable Cloud Computing
- Safety-Critical Systems
- Dependable Artificial Intelligence

Each workshop will feature presentations from leading experts in the field, interactive discussions, and hands-on demonstrations of cutting-edge technologies. Attendees will gain invaluable insights, establish new collaborations, and stay abreast of the latest developments in dependable computing.

Benefits of Attending the EDCC 2024 Workshops

Attending the EDCC 2024 workshops offers numerous benefits, including:

- **Access to cutting-edge research:** Learn about the latest advancements in dependable computing from leading researchers and practitioners.
- **Interactive knowledge exchange:** Engage in thought-provoking discussions, share ideas, and connect with experts in the field.
- **Hands-on experience:** Gain practical experience through demonstrations of cutting-edge technologies.

- **Networking opportunities:** Build valuable connections with researchers, practitioners, and industry professionals.
- **Continuing education credits:** Earn continuing education credits that demonstrate your commitment to professional development.

Who Should Attend?

The EDCC 2024 workshops are designed for a diverse audience, including:

- Researchers working in dependable computing
- Practitioners responsible for designing and implementing dependable systems
- Industry leaders seeking to leverage the benefits of dependable computing
- Students pursuing advanced degrees in computer science and related fields
- Anyone interested in the future of dependable computing

Limited Seats, Register Today!

Due to the high demand, seating for the EDCC 2024 workshops is limited. Early registration is strongly encouraged to secure your place. Visit the EDCC website for registration details and additional information.

Register for EDCC 2024 Workshops

The EDCC 2024 workshops offer an unparalleled opportunity to delve into the fascinating world of dependable computing. Whether you are a seasoned researcher, an aspiring practitioner, or simply curious about the

future of technology, these workshops will provide invaluable insights, foster collaboration, and help you stay at the forefront of dependable computing advancements.

Don't miss this extraordinary event and register today to secure your seat at the EDCC 2024 workshops.
