Embark on a Journey of Agile Expertise

Penned by renowned agile expert and industry leader Shane Hastie, "The Accredited Agile Project Manager" is not just a book but a veritable treasure trove of knowledge. Delve into its pages and discover:

- The fundamental principles of agile project management and its transformative potential.
- A practical framework to implement agile practices in your projects, regardless of size or industry.
- Insights into the role of the agile project manager, including essential skills, behaviors, and responsibilities.
- Proven techniques to effectively plan, execute, and control projects in an agile environment.

- Case studies and real-world examples that illustrate the successful application of agile principles.

Insights from the Industry's Foremost Agile Authority

As the founder and CEO of Agendashi, Shane Hastie brings a wealth of hands-on experience to "The Accredited Agile Project Manager." His insights are deeply rooted in practical applications, ensuring that the strategies and techniques presented are not just theoretical but also highly effective in the trenches.

This book is crafted not only to enhance your understanding but also to empower you with the skills and confidence to excel in your role as an agile project manager.

The Key to Accreditation

One of the most significant benefits of "The Accredited Agile Project Manager" is its alignment with the Project Management Institute's Agile Certified Practitioner (PMI-ACP®) certification. The book provides a comprehensive study guide that thoroughly covers the exam's content and objectives.

By integrating the knowledge and skills gained from this book into your project management practice, you can confidently prepare for and achieve the coveted PMI-ACP® certification, a testament to your expertise in agile project management.

Testimonials from the Agile Community

"The Accredited Agile Project Manager" has garnered rave reviews from industry leaders and agile practitioners alike:

"Shane Hastie has written the definitive guide to agile project management. This book is a must-have for anyone who wants to master agile practices and drive successful project outcomes." - Dr. David J. Anderson, Author of "Kanban"

"The insights and practical guidance in this book are invaluable. It has transformed the way I approach project management, and I highly recommend it to all project managers aspiring to excel in the agile era." - Lisa Adkins, Co-Author of "Coaching Agile Teams"
